Are you thinking of offering microdermabrasion treatments to your clients? Microdermabrasion is known in the aesthetic industry as one of the cornerstone treatments for an effective personal care regime. This treatment lays a foundation that will complement any other treatment that you may be offering currently.

Microdermabrasion is an indispensable part of skin care treatments offered to celebrities and has proven its worth for decades. Adding microdermabrasion to your portfolio will set you apart from the opposition.

Are you a salon owner, or therapist whose main income depends on commission? You will greatly benefit financially from offering microdermabrasion to your clientele. The treatments are easy and swift to perform and have a very high profit margin. The best part of this treatment is that it is hooking. Once your client has experienced this treatment she will keep coming back for regular treatments.

This microdermabrasion course makes it easy for you to start offering microdermabrasion treatments with confidence. You will be able to provide an effective treatment and know how to combine it with other treatments you are currently offering. We guide you step by step through the learning process.

When you enrol for the microdermabrasion course you will:

- Learn about crystal and diamond tip microdermabrasion.
- View videos and use other interactive media to learn over various procedures with all different kinds of machines.
- Be able to start your studies at any time, no fixed starting dates.
- 24/7 online library and resources: We provide you with the links that will take you directly to your resource material. No time is wasted searching for books or research material.
- On completion you will enjoy the benefits of a recognized and accredited qualification.

**Prerequisite:** This course is suitable for complete beginners and does not require any prior learning in aesthetics or medicine to be able to train with us. Many of our students are not beauty trained and are looking to start up a business in the industry. We welcome students of all abilities, whether you are looking to start from scratch, or are currently working as a therapist and looking to advance your knowledge and skills.
